Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments:

The Applicant request the Interview to discuss options to help further the prosecution along. The Applicant discussed his invention and what he viewed to be the difference between the application and the cited reference "Horowitz" specifically the limitation of "user determined relative hierarchical order". The Examiner disagreed maintaining that the cited reference teaches user defined hierarchical order of identifiers in Figure 5. The Applicant stated that he will file a response with either reinstatement of the Appeal or an amendment to further clarify the invention.

On a different note, the Examiner agreed to resend the action to clarify grounds of rejection (102 (e) instead of 102(b)).
